* Students who pass Family and Consumer Science Orientation 1, 2 or Orientation to Business 1, 2 satisfy the requirements for Consumer Economics. Students may also use either Principles of Economics Enriched or Consumer Education both as a Social Science elective and to fulfill the state Consumer Economics requirement.

Part-time students will not be included in academic rank.

In addition to existing course specific and credit requirements, students are required to satisfactorily complete the District's term academic assessments and the Measurement of Academic Progress (MAP) testing program, as a condition of graduation from Limestone Community High School.

In addition, no student shall receive a certificate of graduation without passing a satisfactory examination on patriotism and principles of representative government, proper use of the flag, methods of voting and the Pledge of Allegiance. The Superintendent or his/her designee is responsible for notifying students and their parent(s)/guardian(s) of the District's graduation requirements.

AWARDING OF TRANSFER CREDIT FOR RANK

If a student transfers to LCHS from another accredited school whose credits per semester is different than the current LCHS policy, the Superintendent, or designee, will establish entrance credits (points) to be given to the transfer student. This credit will not exceed the maximum credit which could have been earned at LCHS.

Prior to the assignment of credit, the Principal, or designee, will contact the accredited transferring school to verify the institution's actual available credits per semester.

EARLY GRADUATION POLICY

The Board of Education does not encourage students to graduate in less than eight (8) semesters. Only those students who have a cumulative "B" average will be eligible to apply. A written letter of application by the parents requesting early graduation must be submitted to the Principal prior to the conclusion of the first semester of the candidate's junior year. The Principal will review the application and will forward it to the superintendent for final approval.

Any student who graduates ahead of his/her original class will be ranked in the class in which he/she graduates, will be allowed to participate in graduation ceremonies, will be accorded all academic placements; however, he/she will not be eligible for the Sterling Merit Award or other honors and awards bestowed upon his/her graduating class, regardless of academic placements.

Only those credits earned at an accredited high school will be accepted toward early graduation. Students must complete all credits and satisfy all requirements for their graduating class prior to graduation.

GRADUATION CEREMONY ELIGIBILITY

Students who have completed the required coursework and obtained the required credits will be graduated from Limestone Community High School. If the necessary requirements for graduation can be completed by earning no more than one credit by attending summer school, a junior college or four-year college or university, or an accredited correspondence school, the student will be allowed to participate in his/her class's graduation ceremony. A diploma will be awarded after all graduation requirements have been met. If the student cannot mathematically earn the number of credits as described above, then he/she will not be permitted to participate in graduation ceremonies with his/her original class. Under the "Brittany's Law" legislation, children with disabilities who have completed four years of high school, but who will continue to receive special education, related services, career and technical training, or transition services in accordance with their IEPs, will be permitted to participate in the commencement ceremonies with their classmates. These students will only be permitted to participate in one commencement ceremony during their tenure at Limestone Community High School.

PART-TIME ACADEMIC STUDENT STATUS

It is the policy of Limestone Community High School to have students attend Limestone for the full four years. Administrative approval is necessary for students to be switched to part-time status.

Any student who changes to part-time status *at any time during the school year (including second semester of senior year)* will not be included in academic rank or any honor associated with academic rank or grade point average; this includes the Sterling Merit Award. **Part-time students will not be able to participate in any IHSA athletic or academic team or group activity.** Students and parents must sign an agreement form prior to being permitted to change to part-time status. These forms may be obtained up from the student's Guidance Counselor.

PROCEDURE FOR REQUESTING CLASS CHANGES

The following reasons are valid for changing class schedules: computer errors, co-op changes, and counselor error in registration, or to add or drop a class at the counselor's discretion. The counselor may make changes due to misplacement (to place a student into the appropriate class level) or in the best interest of class size (teacher request with approval of Principal, Assistant Principal or Superintendent). No change will be honored from students who wish to be changed from period to period, from teacher to teacher, or "just because they want to change."

STUDENT WITHDRAWAL FROM ELECTIVE CLASSES

Students will be allowed to withdraw from elective classes, with parental approval, prior to the last six weeks of the semester with a grade of WP or WF being applied. (If the withdrawal occurs within the first three weeks of a semester, there will be no grade issued and no record of the class will appear on the student's grade transcript.) Parental approval is also required for students dropping elective classes during the last six weeks of the semester. An F will be given for classes dropped during the last six weeks of a semester, and this grade will be used to determine GPA (grade point average) for class rank and honor roll. No credit will be given for any class in which a student withdraws with a grade of WP, WF, or F. Students should maintain a schedule of five classes plus physical development each semester to remain on track for graduation.

GRADING

The school year is divided into two semesters each consisting of two nine-week periods. The nine weeks average plus the nine-week term's academic assessment will determine the grade for the nine weeks. The term assessment will be worth 20% of a student's overall term grade. The two nine-week grades are averaged to determine the semester grade. Report cards are issued at the end of each grading period. The semester grade is used to determine class rank and is reported on all transcripts. The rank is computed on total points earned and grade point average.

GRADING SCALE

A	4.0	Excellent	(94-100)
B	3.0	Good	(86-93)
C	2.0	Fair	(77-85)
D	1.0	Poor	(70-76)
F	0.0	Failing	(Below 70)
I		Incomplete	
M		Medical Excuse	
WP		Withdrawal Passing	
WF		Withdrawal Failing	

GRADE LEVEL PROMOTION CREDITS

Freshman	5.0 Credits for promotion to Sophomore Year
Sophomore	10.0 Credits for promotion to Junior Year
Junior	16.5 Credits for promotion to Senior Year
Senior	23.5 Credits to Graduate

HONOR ROLL

Honor Roll is a program designed to recognize academic achievement. Honor Roll, unlike class rank, is based upon grade point average. Honor Roll is available to all students regardless of their classification, i.e., regular, enriched, or special education. First Honor Roll membership is determined by a grade point average of 3.800 to 4.000. Second Honor Roll membership is determined by a grade point average of 3.600 to 3.799. Honorable Mention Honor Roll membership is determined by a grade point average of 3.200 to 3.599. All course grades are used in determining grade point average. Any student receiving a failing grade in any class will be excluded from the honor roll.

INCOMPLETE GRADE

A grade of "F" is given on report cards when a student for some reason has been unable to complete all the required work. An "F" may usually be made up by seeing the teacher and arranging to complete the missed work, within one week's time. Once course work is completed the grade will be changed accordingly.

EXPELLED STUDENT CREDIT

Any student who is expelled through Board of Education action will be provided counseling for placement into alternative educational programs. Credits earned at an accredited alternative

educational program may be used for completion of the required credits for graduation as stated within this policy. However, only credits earned at Limestone Community High School will qualify an expelled student for a Limestone Community High School Diploma. If any credits are used from an accredited alternative educational program in the fulfillment of the graduation requirements, the expelled student will be issued a Limestone Community High School Alternative Placement Diploma.

ENRICHED PROGRAM

The enriched program provides students the opportunity to enroll in challenging courses to better prepare them for the academic rigors of college. The following enriched courses are available:

Enriched Courses

Advanced Placement (AP) Calculus	Enriched English I
Advanced Chemistry	Enriched English II
Advanced Placement (AP) English Literature and Composition	Enriched English III
Advanced Placement (AP) Studio Art	Enriched English IV
Enriched Algebra I	Enriched Geometry
Enriched American Political Systems	Enriched Pre-Calculus
Enriched Biology	Enriched Algebra II
Enriched Economics	Enriched World History I, II

Enriched Course Expectations

The expectation of enriched courses is greater than standard level courses taken at a particular grade level. Enriched courses will regularly provide experiences in problem solving and critical thinking, independent study of research topics, required textbook and supplemental readings done outside of class time, graded homework assignments done outside of class time on an average of three times per week, daily participation in class discussion and lesson activities, and at least once a week assessment of student performance (quizzes, tests, themes, research papers, projects, laboratory experiments, etc.).

IDENTIFICATION AND ASSESSMENT OF STUDENTS FOR COURSE PLACEMENT

All students are screened for entry into Limestone Community High School. Criteria used for entry into a basic, standard, or enriched class will be based, in part, on the student's Measures of Academic Progress (MAP) test results. Parental requests are considered upon completion of a petition form obtained from your child's guidance counselor.

Students who are currently enrolled at Limestone Community High School will be placed into basic, standard, and enriched classes at all grade levels and in all core subject matter based, in part, on Measures of Academic Progress test data.

EARLY COLLEGE COURSES

Early College classes are those taken by high school students that concurrently count as credit towards high school graduation and towards college credit. This is an option for high school students who express an interest in obtaining college-level credit for coursework completed at the high school level. Students who select early college credit are required to complete additional coursework in addition to high school requirements. Some Early College classes require students to pass a placement test administered by Illinois Central College prior to being accepted into the program. Questions may be addressed to the Guidance Office.

Early College Classes offered for this year include the following:

- Certified Nursing Assistant program (HLTH 112 and HLTH 116)
- English IV EC (ENGL 110 and 111)
- US History EC (HIST 201 and HIST 202)
- Algebra 3 second semester (MAT 110)
- Welding classes (WLDTR 121, 122, 131, 135, and 141)
- Western Civilization I and II (HIST 117 and 118)

During a student's four years at Limestone, he/she will take many tests. MAP Testing is used for Basic, Standard, or Enriched placement in core courses by RIT scores. Some tests are required and some are optional (marked with an *).

MAP TESTING

All students will be required to complete a Measures of Academic Progress (MAP) test once during the fall and once during the winter. Students who do not take the test on their scheduled date will be allowed to make up the test on a scheduled make-up date during school hours.

Students should be aware that maximum effort on their scheduled test dates is necessary for proper placement in academic courses. In the case of test retakes, retakes will only be granted by the administration given unavoidable and/or extenuating circumstances beyond the student's control. Such situations will not include poor performance or lack of progress.

Special education students will be required to complete a MAP test once during the fall and winter as well unless exempted by their Individualized Educational Plan (IEP).

ACHIEVEMENT TESTS

During the school year, the district administers standardized achievement tests to all students at various points in their high school career. These tests include Measures of Academic Progress and tests in the SAT/PSAT series. The results of these tests are very important to the district and to the student. They provide critical information concerning the effectiveness of our academic programs and assist school personnel to determine the educational placement that is appropriate for each student. The district requires, as a matter of policy, that each student completes the standardized tests for his/her grade level as a condition of graduation. The student's performance on the standardized achievement test must be commensurate with his/her ability as evidenced by his/her prior academic performance and required testing results. Students who do not take the test on the scheduled test day(s) or who perform at a level deemed unsatisfactory will be required to make up the test on alternative scheduled date(s), which may be after school hours or on a Saturday. Transfer students who enroll in the district after make-up test date(s) will be excluded from this policy for the year of their initial enrollment. Special education students will be required to take standardized achievement tests only if it is a part of their Individualized Education Plan (IEP) or state law, such as with the SAT. Extenuating circumstances that prohibit a student from taking the tests will be considered on an individual basis by the administration. Therefore, in addition to the existing course specific and credit requirements, all students will be required to satisfactorily complete the district's standardized achievement testing program as a condition of graduation from Limestone Community High School. Diplomas will be withheld until the terms and conditions of this policy are met.

ACADEMIC ASSESSMENTS

Students will be required to complete an academic assessment in each course for which the student is enrolled at the conclusion of each nine-week term. Students who do not take the assessment on the scheduled test dates will be subject to the provisions of the Board Policy on

Student Attendance. Students whose absences on assessment days are deemed excused by school administrators will be permitted to make up the assessment(s) as prescribed by the attendance policy. Students whose absences are deemed unexcused by school administrators will be permitted to make up the assessment(s) within one week and will incur a 10% reduction in the assessment score. Those students who refuse to complete either or both of the term assessment(s) during the semester will receive a failing grade for the nine-week term(s) and the semester. All term assessments must be completed no later than one week after the originally scheduled examination date. Students not meeting this requirement will receive a failing grade for the nine-week term(s) and the semester. Special Education students are required to take academic assessments unless exempted by their Individualized Education Plan. Extenuating circumstances that prohibit a student from taking academic assessments will be considered on an individual basis by the administration.

SPECIAL EDUCATION SERVICES

The district has Special Education services available for eligible students between the ages of 15 and 21. In order to provide these services, our District is a member of the Special Education Association of Peoria County Joint Agreement.

PHYSICAL DEVELOPMENT REQUIREMENTS

All incoming freshmen and transfer students must have a physical on file with the school nurse in order to participate in physical development (PD) classes.

Required Clothing

It is the policy of the Limestone Community High School Board of Education that students must dress in the required physical development clothing each day (unless instructed otherwise by the PD teacher) to promote good health and hygiene practices. Students must have the required physical development clothing on the first day that class activities begin for the semester. The required PD clothing consists of the following:

- tee shirt (purchased through the PD department)
- change of gym shorts (must meet the school dress code)
- athletic shoes
- athletic socks

LCHS physical development teachers will mark the tee shirts with the student's name during the first week of school. No other markings shall appear on the tee shirt. Any additional writings/markings will not be allowed. Students whose shirts have additional markings will be required to purchase a new shirt from the PD Department.

Sweat clothes are acceptable on cold days, but not required. They are to be worn in addition to the regular PD clothing.

Rental clothes are available should a student forget his/her Physical Development clothing. Rental cost is \$.25 per item.

If a student is recovering from a minor injury, they are to dress and participate to the best of their ability. They will not be expected to do anything that would further aggravate their condition. All students assigned to physical development will be expected to participate in all class activities as fully as physical capabilities and medical limitations allow.

Cost of T-Shirt and Padlock Rental

Students will be charged \$5.00 for the school issued tee shirt, payable at registration. The \$5.00 charge will include the rental fee for a school-issued padlock to be returned to LCHS at the conclusion of the physical development class. Only school issued padlocks will be permitted. If the padlock is lost or stolen, a replacement charge will be assessed to the student who was assigned the padlock.

PHYSICAL DEVELOPMENT EXCLUSION POLICY

It shall be the policy of Limestone Community High School District #310 that students may request exclusion from physical development for the following reasons;

1. Juniors or seniors provide written evidence from an institution of higher education that a specific course not included in existing state or local school minimum graduation standards is required for admission. School district

staff must verify that the student's present and proposed schedule will not permit completion of the needed course.

2. Juniors or seniors are deficient in course credit required by the state statute or local school board policies for graduation. Students who have failed required courses, transferred into the district with deficient credits, or who lack credits due to other causes will be eligible to apply for this exclusion, per administrator approval.
3. Students participating in the marching band, winter guard, color guard, or AFJROTC class will be given physical development exclusion for the tenure of their enrollment in that class.
4. Juniors or seniors taking a full class load with no study hall, early dismissal, late arrival, or co-op.

Each request for exclusion from physical development class will be verified and eligibility determined by school district staff. Every student excused from physical development will be provided with a schedule that meets minimum school day requirements.

Approval of exclusions will be for one season or semester only, but may be renewed for additional seasons or semesters if circumstances warrant. Any junior or senior student who wishes to be excluded from physical development for the purpose of enrolling in a class and who meets one of the four criteria described in the above policy should contact his/her counselor.

DRIVER EDUCATION (Student Eligibility Requirements in Order to Take Driver Education)

You must be enrolled at Limestone Community High School and received a passing grade in at least eight courses during the previous two semesters prior to enrolling in the Driver Education classroom portion of the course. If a student is a freshman, Limestone High School may count passing grades from the last semester of the student's eighth-grade school year.

COOPERATIVE EDUCATION

There is one Cooperative Education program offered to Limestone students; Inter-related Cooperative Education. This program is offered to juniors and seniors interested in specific career and technical careers. This program consists of on-the-job training (OJT) related to classroom instruction and a cooperative class. Students without jobs by the fourth week of the semester will be removed from the course. The OJT and co-op classes each earn 1/2 credit per semester, and the student earns a paycheck while working. The co-op student will be expected to join a related career and technical organization that will meet during this co-op class. The cooperative education program at Limestone Community High School recognizes the importance of student attendance both at school and at the training stations.

Violations

Students who do not maintain at least a 95 percent school and work-related attendance record are subject to removal from co-op for the remainder of the semester with no credit for class or work experience.

Procedure

1. Students who are absent from school are not permitted to work at their training station on that date. Medical appointments, school-related absences, or any other exceptions must be approved by the coordinator in advance.
2. Students who are absent for three consecutive days or more due to illness must present a doctor's excuse to the coordinator upon returning to school and work. Students who are absent for less than three days due to illness or medical appointments may be excused if a doctor's excuse is presented to the coordinator upon returning to school.
3. Students who fail to maintain at least a 95 percent school and work-related attendance record may be removed from the program and assigned a letter grade of (WF) for withdrawal failing. No credit will be granted for the semester in either the co-op class or work experience job. Students who are removed from the co-op program will be assigned to study hall for the remainder of the semester for both the classroom and work experience class periods.
4. Extenuating circumstances that prohibit a student from attending school or his/her co-op job will be considered on an individual basis by the Administration.

STUDY HALLS

Each student is allowed to request a study hall in his or her schedule. Students are allowed to obtain passes from study hall to the library for additional materials. It is the belief of the faculty and administration that study halls should promote an atmosphere conducive to studying. As such, the following rules apply to all scheduled study halls:

1. An atmosphere of study shall be maintained throughout the entire period.
2. The study hall teacher will assign all students a seat.
3. The study hall teacher reserves the right to move any student he/she feels is disrupting the learning environment.
4. All students are required to bring study or reading materials with them to study hall every day.
5. Students shall not write or make marks of any kind on the desks in study hall.
6. There shall be no talking in study hall.
7. Students are not permitted to leave their desks during study hall without the permission of the study hall teacher.

Any violation of the above stated rules will result in disciplinary consequences assigned by the classroom teacher or the Deans' Office. Further disciplinary action will be in accordance with the rules and regulations established by the Board of Education.

CO-CURRICULAR CODE

Philosophy

Limestone Community High School considers it a privilege for students to participate in co-curricular activities. Therefore, these students must assume responsibility for their conduct on a year-round basis. The Co-curricular Code will apply to all students involved in scholastic and interscholastic competitions and performances.

Violations

The following acts will be interpreted as violations of the Co-curricular Code. (Conviction is not a prerequisite to disciplinary action.)

1. Possession and/or use of tobacco in any form.
2. Possession and/or use of drugs and/or paraphernalia or look-alike drugs.
3. Possession and/or use of alcohol.
4. Any student hosting a party where drugs and/or alcohol are illegally dispensed reported by school personnel or law enforcement agencies.
5. Incorrect use of over-the-counter drugs.
6. Theft or vandalism on the school premises, on the premises of an opposing school, or on private or public property.
7. Presence at any student party where drugs and/or alcohol are illegally dispensed as reported by school personnel or law enforcement agencies.
8. Any behavior that is detrimental to the image or standards of the Co-curricular Code of Limestone Community High School.
9. Possession and/or use of e-cigarettes, vaping devices, or related paraphernalia used with these devices on school grounds.

Penalties

Each offense is classified as a Level I, Level II, or Level III offense based on the seriousness of the particular offense. All students receiving a Level III violation will be required to attend a meeting with their parent/guardian and the school social worker before returning to competition.

Level I – minor offenses

Level II – moderate offenses

Level III – serious offenses

All offenses involving the possession and/or use of tobacco, drugs, or alcohol and/or hosting a party where alcohol and/or drugs are dispensed (violations 1, 2, 3, and 4 listed above) are automatically Level III offenses. The level of all other offenses (violations 5 – 9 listed above) will be determined by the Superintendent or his/her designee.

The duration of the penalties is as follows:

Level I – Coach's Discretion

Level II – 1/8 of regular season

Level III – 1/2 of regular season

1. If fewer than the necessary regular scheduled events remain in a season to complete a suspension, the student will be suspended from all remaining events including the postseason. The suspension will be carried over to the next sport or activity season in which the student has previously participated at the high school level. If the violation occurred in the off season, the suspension will occur the next sport or activity season in which the student has previously participated at the high school level.
2. The student must be a member of the organization/squad before the first scheduled contest. If the student quits or is removed from the team after completing the suspension but before the season/activity is over, then he/she has not satisfied the suspension and the suspension will be carried over to the next activity.
3. Any Level III violation within a calendar year from the first Level III offense will cause the student to be suspended from all activities for a period of one year from the date of the second violation. A third or succeeding Level III violation, regardless of the date of occurrence, during a student's high school career will cause the student to be suspended from all activities for the remainder of that student's high school career.
4. If a student is a member of more than one group at the time the penalty is to be served, the student will be suspended from each of the activities for the designated period of time. The student must sit his or her next activity and his or her next sport for the penalty unless a Level I or Level II offense occurred while the student was participating in, practicing for, or representing a particular activity, at which time only that activity will be affected.
5. If a student is suspended from school for infractions other than those outlined above, only the school's disciplinary code will be enforced; however, a student is not allowed to practice or compete during the length of the suspension.
6. A student arrested, charged, and proven guilty of committing a felony or is deemed an adjudicated delinquent may be dropped from all co-curricular participation for one calendar year from the date of conviction.
7. A student who violates the Co-curricular Code may receive his/her award if he/she has met the requirements for the award.

8. The student will practice during the suspension (with the coach's permission) but cannot participate in any Blue/White games/Band Preview Night. The student will be introduced with the squad but will not be able to wear any of his/her school-issued apparel. The Blue/White games/Band Preview Night will not count towards the suspension.
9. Coaches or sponsors may have rules in addition to the Co-curricular Code (provided these rules are deemed appropriate by the Superintendent and/or his/her designee). Violations of the rules established by coaches or sponsors may not exceed the penalty for a Level II offense. The coaches' or sponsors' rules will be enforced only during the season that the student participates in that activity.
10. Mid-Illini Conference members shall give full faith and credit to the decision made by another Conference member that a student of the other Conference member has violated the other Conference member's Cocurricular Code. Accordingly, each Conference school shall not allow a student who has transferred from another Conference member to participate in any activity which the student, by reason of the student having violated the Cocurricular Code of the other Conference member, would have been precluded from participating in had the student not transferred.
11. While under suspension, the student will be on the sideline (with coach's permission) with his/her team but will not wear any of his/her school-issued apparel. At Senior Night, the student will be honored but is not allowed to wear any of his/her school-issued apparel

Appeal Process

Any student who is suspended for violation of the Co-curricular Code, along with his/her parents, will be notified in writing by the Superintendent and/or his/her designee. Parents wishing to meet with the Co-curricular Review Committee to discuss the situation must notify the Athletic Director in writing within five days after receiving notice of the violation. The Co-curricular Review Committee will consist of the Superintendent or his/her designee, five head coaches and/or head sponsors. The Superintendent or his/her designee will be the chairperson. Each coach/sponsor will have one vote.

Procedure

The student and his/her parents or guardians must sign the Co-curricular Code form verifying that they have read the Co-curricular Code. Limestone students and his/her parents will sign the Co-curricular Code upon registration at Limestone Community High School. This agreement is in effect throughout the child's tenure at Limestone Community High School. This signed Co-curricular Code form is kept on file in the District Office. A student may not participate until the signed form is on file.

Random Drug/Alcohol/Tobacco Testing Policy

Application

This policy applies to: (1) all school sponsored co-curricular activities conducted by and representing Limestone Community High School ("LCHS") where participation is voluntary, including but not limited to all athletic teams, cheerleading, dance, band, color/winter guard, speech, plays and musicals, Madrigals, scholastic bowl, National Honor Society, bass fishing, robotics, yearbook, newspaper, chess, welding, automotive, Key Club, and student council; (2) students who have a registered parking pass for a District parking lot. Students eligible for random testing under this policy will be referred to as "participants."

Apart from this policy, the Illinois High School Association, as well as each activity's coaching staff or sponsor, may have additional team or activity rules and requirements. Coaches and sponsors have the necessary authority to enforce those rules. Any participant who violates a team or activity rule or requirement is subject to the consequences as defined in those rules and requirements.

Philosophy and Purpose

Co-curricular participation at LCHS serves as an integral part of the student's educational experience. Experience through co-curricular activities contributes to the knowledge, skills, and emotional patterns, which the student possesses. The Board of Education further believes that by participating in co-curricular activities, students are provided the potential for becoming better persons and citizens. Participation in co-curricular activities is a privilege which carries with it responsibilities to the school, activity, team, student body, community and to the students themselves.

These privileges are not an absolute right. Students misusing legal or using illegal drugs or alcohol, or who use tobacco products, pose a threat to their own health and safety, and may even to those who compete with them. Similarly, using a motor vehicle to drive to school and back is also a privilege that carries with it a responsibility to the community to operate a motor vehicle safely.

The purpose of this policy is threefold: (1) Provide for the health and safety of students engaged in interscholastic activities and driving to and from school;

(2) Undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs, alcohol and tobacco; and (3) Encourage students who use drugs and alcohol to participate in treatment programs.

This policy is designed to create a safe, drug/alcohol/tobacco free environment, and to provide professional help when needed. It is not intended to punish a student other than possibly barring such student from participation in interscholastic activities and parking privileges. Accordingly, the results of any drug/alcohol/tobacco test administered under this policy shall be used only for determination of eligibility to participate in co-curricular activities or to park in District parking lots and for no other purpose, other than when there has been a violation of the Illinois School Code. These reports may be shared with the Board of Education.

The Superintendent or designee shall develop procedures to implement this policy. Students testing may be administered randomly during or after school, during practices, during off season workouts, or during co-curricular events.

No student shall be expelled or suspended from school, nor penalized academically, as a result of any verified positive test conducted pursuant to random testing. The results of a drug/alcohol/tobacco test under this policy will not be documented in any participant's student record. Information regarding the results of tests under this policy will not be disclosed to criminal or juvenile authorities without legal compulsion by valid subpoena or court order.

This policy does not affect the policies, practices, or rights of the District with respect to any other student search or substance abuse testing policies.

Consent

To be eligible to try out for, or to participate in the above activities, or to utilize District parking lots, each student and his or her parent(s)/guardian(s), must give written consent to random drug/alcohol/tobacco testing under this policy. Failure to sign the "Random Testing Policy Informed Consent Agreement" attached to this policy will render the student ineligible to participate in any co-curricular activity, or to receive permission to use a District Parking lot to park his/her vehicle.

If the student or his/her parents/guardians refuse to sign the Informed Consent form, the student will not be permitted to be a member of the activity or obtain parking lot privileges until such Informed Consent form is signed.

Withdrawal of Consent

Consent for participation may be withdrawn under the following conditions:

1. Should a participant be unsuccessful in trying out for a team/activity under the try out procedures outlined and/or chooses not to be involved in any other activity for the remainder of the school year, the participant's/guardians shall send a letter to the Principal or his/her designee so indicating and requesting the removal of the participant's name from the random test list (unless the participant also has parking privileges).
2. Should a participant choose to give up parking privileges, the participant's/guardians shall send a letter to the Principal or his/her designee so indicating and requesting the removal of the participant's name from the random test list (unless the participant is participating in activities requiring consent).
3. Should a student elect to resume participating in any qualified activity during the school year that the withdrawal was approved, or requests reinstatement of parking privileges, the student will be required to be tested at the parents/guardians expense prior to trying out or participating in a co-curricular activity or obtaining parking privilege.

Random Testing Program Testing Procedures

1. Testing dates and times will be selected by the Athletic Director., The frequency and percentage of participants to be selected will be determined by the Athletic Director. The Athletic Director, or other appointee, utilizing a randomizing computer program, shall select participants for drug/alcohol/tobacco drug testing. Testing may occur on any day, Monday through Saturday. Names will be randomly selected from a pool of all participants. Each participant may be tested at any time during the calendar year.
2. No participant will be given advance notice or early warning of the testing.
3. If the randomly selected participant refuses to participate in the testing procedure or to give a sample, or if the participant is present at school then leaves without permission or the absence is unexcused, the participant will be considered the same as testing positive.
4. The set-up of the collection environment, guarantee of specimens, and supervision of the chain-of-custody will be performed by the designated Collection Agent.
5. Designated school personnel will deliver written notice to a participant who has been randomly selected. There will be minimal classroom interruptions. Designated school personnel will escort the participant to the Nurse's Office, which will serve as the confidential collection site. No participant is allowed to go to his or her locker.
6. Students will be instructed to remove all outer layers of clothing, empty all pockets, and wash their hands in the presence of the Collection Agent.
7. Testing will be performed in the presence of the Collection Agent by breath alcohol testing, urinalysis and/or saliva swab testing.

Upon being selected for breath alcohol testing, a participant must provide an adequate amount of breath so that the measuring device can measure any alcohol concentration in the breath. The presence of any detected alcohol will be deemed a positive test result.

Upon being selected for a urinalysis test, the participant shall provide a sample of "fresh" urine according to the quality control standards and policy of the laboratory conducting the urinalysis. If unable to produce a specimen, the student will be given up to 40 ounces of fluid. The Collection Agent reserves the right to search any student before entering the restroom in the Nurse's Office. The door will be closed while the student provides a urine specimen. The supervisor will wait outside the restroom. The student will have two minutes to produce a urine specimen. The commode will contain a dye so the water cannot be used to dilute the sample. The faucets in the restrooms will be shut off.

Upon being selected for the saliva swab test, the participant must swab the inside of his/her mouth in the presence of the Collection Agent.

8. Before a participant's urine or saliva is tested by the laboratory, he/she must sign any form that may be required by the testing laboratory. If a student chooses, he/she may notify school personnel and/or Collection Agent that he/she is taking a prescription medication.
9. A sanitized kit containing a specimen bottle will be given to each participant. The bottle will remain in the participant's possession until a seal is placed upon the bottle and the participant signs that the specimen is sealed. The seal may be broken only by the lab testing the specimen.
10. All urinalysis specimens registering below 90.5 degrees or above 99.8 degree Fahrenheit will be invalid. The heat strip on each specimen bottle indicates the validity of the urine specimen by temperature. If a specimen is invalid, the participant must provide another specimen within 3 hours.
11. A participant will be ineligible for all co-curricular activities or parking privileges for one calendar year if he/she tampers or cheats during the collection. If this is the participant's

- second or subsequent infraction, he/she will be ineligible for co-curricular activities or parking privileges for the remainder of their high school eligibility.
12. The participant will return to class or his/her activity when testing is concluded and is able to make up all work missed during that time.
 13. Each specimen is given to the laboratory for testing.
 14. If the seal is tampered with or broken, after leaving the student's possession and prior to arriving at the lab, the specimen is invalid. The student will remain eligible for co-curricular activities subject to a retest.
 15. After it is sealed, the specimen will be transported to the testing laboratory utilizing the Chain of Custody. The testing laboratory will report results to the designated LCHS personnel.
 16. In order to maintain confidentiality, the participant's name will not be on the urine specimen or saliva swab container. Instead, the participant's initials will appear on the container.

Test Results

1. The testing laboratory's Medical Review Officer will determine if there are positive drug/alcohol/tobacco test results.
2. Test results will be conveyed by the drug testing company via the Internet to designated school personnel within a specified time from the laboratory.
3. Depending upon the substances found in the urine specimen, the parent/guardian/custodian will be contacted to determine if the participant is taking any prescribed medication from a physician. If so, the parent/guardian will be asked to obtain a letter within five (5) school days from the prescribing physician verifying the medication. Failure to provide such requested information will be considered a positive result.
4. For participants who test positive, the participant will be notified by the Athletic or Activities Director, the parent/guardian will then be notified of the student's positive test result. The appropriate action per this policy will be administered.
5. The name of the participant who tests positive will be turned over to the Assistant Principal to begin the intervention process.
6. The School District reserves the right to continue testing at any time during the remaining calendar year for any participant who had a verified "positive" test.
7. Information on a verified "positive" test result may be shared on a need-to-know basis with the participant, and his/her parent(s)/guardian(s), the Principal, Athletic/Activity Director, coach, the participant's dean and counselor, school nurse, Superintendent, Board of Education, District legal counsel, and other individuals who have a legitimate need-to-know given the circumstances.
8. The testing data will be kept on a secured computerized spreadsheet, by student ID number, not name. This data will be shared with the Board of Education, twice annually as a status update.

Financial Responsibility

The School District will pay for all random drug tests. Once a participant has a verified "positive" test result, all follow up tests will be paid for by the participant's parent(s)/guardian(s). Professional counseling and subsequent treatment by non-school agencies is the financial responsibility of the participant's parent(s)/guardian(s).

IHSA

Illinois High School Association (For 2018-19 School Term)

This summary is for the purpose of assisting in the understanding of IHSA By-laws and Policies. In case of a conflict between this publication and the constitution and by-laws of the IHSA, the constitution and by-laws shall control.

Key Provisions Regarding IHSA Rules

Eligibility Rules

When you become a member of an interscholastic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic participation. The IHSA's rules have been adopted by the high schools which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member high school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums. The principal/official representative of your school is responsible to see that only eligible students represent the school in interscholastic competition. Any question concerning your eligibility should be referred to your principal/official representative, who has a complete copy of all IHSA eligibility rules, including the Association's due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal/official representative has questions or wishes assistance in answering your questions, the principal/official representative should contact the IHSA Office. Information contained here highlights some of the most important

features of the IHSA by-laws regarding interscholastic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic competition. The information here is only a general description of major bylaw provisions and does not contain the statement of the by-laws in their entirety. You can review the by-laws at www.ihsa.org. You may lose eligibility for interscholastic competition if you are not in compliance with IHSA by-laws. Remember, if you have any questions regarding IHSA rules, please contact your principal/official representative.

1. **Attendance**

- A. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
- B. You must be enrolled and attending classes in your high school no later than the beginning of the 11th school day of the semester.
- C. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have eligibility.
- D. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is "lapse in school connection" or not.

2. **Scholastic Standing**

- A. You must pass twenty-five (25) credit hours of high school work per week. Generally, twenty-five (25) credit hours is the equivalent of five (5) .5 credit courses (2.5 full credits).

4. **Transfer**

- A. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. ***You cannot be eligible when you transfer until this form is fully executed and on file in the school office.***
- B. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you

transfer and transfer after the **IHSA sport season has begun**, you will be ineligible for cross country that entire school term at the new school.

- C. If you transfer attendance from one high school to another high school, you will be ineligible unless:
1. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;

- D. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
- E. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer or the period of ineligibility that would have been imposed had you stayed at the school, will be enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.
- F. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
- G. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal/official representative of the school into which you transfer before you participate in an interscholastic athletic contest.

5. **Age**

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

6. **Physical Examination**

You must have placed on file with your principal/official representative a certificate of physical fitness, signed by a licensed physician, physician's assistant or nurse practitioner in order to practice or participate. Your physical examination is good for 395 days from the date of the exam. The physician's report must be on file with your high school principal/official representative.

7. **Amateur Status**

- B. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check or legal tender) that does not exceed \$75 fair market value. There is no limitation on the value of your school letter.
- C. The amateur rule does not prohibit you from being paid to referee, receiving pay for teaching lessons or coaching in a little kid's league, etc. It only applies to your own competition in an athletic contest.
- D. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

8. **Recruiting of Athletes**

- A. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.
- B. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.

- D. You may not receive an "athletic scholarship" or any other special benefit from your school because you participate in athletics.

- E. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school.
 - F. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school. Note: If you are interested in finding out more information about a school, contact the principal/official representative or an administrator at the school, not a member of the coaching staff.
9. **School Team Sports Seasons**
- A. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:
 - 1. During the school year, you may not participate on a non-school team coached by any member of your school's coaching staff unless it meets specific criteria established by the by-laws.
 - 2. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.
 - B. Violation of the sport season by-laws will result in penalty to you and/or to your school's coaching personnel.
10. **Playing in Non-School Competition**
- A. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
 - B. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
 - C. If you wish to participate in a competition sanctioned by the National Governing Body, or its official Illinois affiliate for the sport, your principal/official representative must request approval in writing from the IHSA Office prior to any such participation.
 - D. You may try out for a non-school team while you are on your school's team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school's team. You cease being a member of your school's team when the team(s) of which you are a member terminates for the school term.
 - E. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.
11. **All-Star Participation**
- A. After you have completed your high school eligibility in the sport of football, basketball, soccer or volleyball, you may participate in three (3) all-star contests in any of these sports and still play for other school teams, provided the high school season in that sport has been completed. You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.
 - B. You are not restricted from participating in all-star competition in sports other than football, basketball soccer or volleyball, except that you may not do so during the school season for the sport.
12. **Misbehavior During Contests**
- A. If you violate the ethics of competition or the principles of good sportsmanship, you may be barred from interscholastic athletic contests, either as a participant or spectator or both.

ASSEMBLIES

Assemblies, whether entertaining or educational, are a privilege and should be treated as such. The conduct of the audience at an assembly plays a large part in establishing the reputation of a school. Students will be required to sit in assigned sections, and not engage in impolite behavior such as whistling, foot stomping, chanting, heckling, lying back in the chairs or bleachers, and publicly displaying affection. Excessive talking is out of order. If students do not wish to participate in the assembly program, they are to report promptly to the cafeteria with study materials. Disciplinary action will be taken for students disrupting assemblies.

DANCES

Our school believes that dances are important parts of school life. Such events must be regulated in order that they may continue to be a valuable and interesting part of student activities. All dance or school party activities must be cleared with the Deans' Office. No party or dance may be arranged without the approval of the advisors. Chaperones must be arranged with instructions from the Deans of Students. A policeman will be present at all dances. No party shall be given on a night immediately preceding a school day, and all events shall end no later than 11:00 PM. As at all school functions, any evidence of drinking or smoking will result in immediate suspension from school (unless stronger action is required) as well as immediate suspension from the party or dance. Anyone who leaves a school-sponsored activity will not be allowed to reenter. Only Limestone Community High School students and their approved guests may attend dances or parties. The sponsor of the activity or the Dean reserves the right to determine guests who may attend. LCHS students must request from the Dean of Students permission to bring a guest and

complete a dance request form. This permission must be requested by 3:30 PM two days preceding the event. All students are required to present an I.D. card for admittance to dances.

HOMECOMING

Homecoming Week is one of the most active and fun-filled weeks in the school year. Homecoming activities include auditioning for the variety show filler acts and rehearsing for the variety show. Class members prepare a short skit to perform at the variety show.

Each class competes with the other classes in skit competition. The variety show is held on Wednesday night. The announcement of the Homecoming Court and the crowning of the Queen and King highlight the show, with a pep rally and bonfire at the conclusion of the show. The Homecoming parade is planned for Friday. The Homecoming football game is played on Friday night. The final activity of Homecoming Week is the dance held at the school on Saturday night. All students are urged to get involved and participate in the Homecoming activities.

SCHOLARS RECOGNITION CEREMONY

During the fall of each year, the school hosts a tea and award ceremony to recognize academic excellence for students in grades 10-12. Students who earn a cumulative grade point average of 3.6 (A-) are eligible for recognition. Seniors are awarded gold medals, juniors receive silver medals, and sophomores receive bronze medals.

SPRING HONORS DAY

In the spring of each year prior to graduation, the school recognizes students for their high school achievements in academics, leadership, and school and community service. Awards are presented to the top students in various departments and scholarships from local service, educational, and business groups are awarded to deserving students.

CLUBS

Limestone Community High School encourages students to become involved in school-sponsored clubs. Clubs provide students with a variety of educational, socialization, and service benefits.

CULTURAL AWARENESS CLUB

Membership is open to any student of Limestone Community High School. The purpose of the club includes increasing awareness of African American culture, creating additional opportunities for involvement at the school, creating a greater awareness of post-secondary options, and providing safe, beneficial networking/social opportunities for our students.

FELLOWSHIP OF CHRISTIAN ATHLETES (FCA)

FCA is open to all athletes, freshman through senior; non-athletes are welcome too. FCA meets twice per month, sharing games, fellowship and snacks. They also listen to encouraging videos and speakers. Summer camp participation is also available.

GAY-STRAIGHT ALLIANCE

The goal of the GSA Rockets is to promote the emotional health and security of all LCHS students, regardless of sexuality or gender identity. We involve allies, educate the student body, and provide a safe, supportive community for GSA members. GSA Rockets will support local organizations that specifically support gay, lesbian, transgender, allies, and people with alternate gender-identities.

INTER-RELATED OCCUPATIONS COOPERATIVE EDUCATION CLUB

This club is comprised of those students who are enrolled in the Personal & Public Services Co-op program. The main purpose of the club is to develop leadership, career and technical competence, and community service.

KEY CLUB

Key Club is a service and leadership development organization for high school students which operates under school regulations and draws its membership from the student body. Key Club is sponsored by the local Kiwanis Club. Key Club's aim is the development of initiative, leadership ability, and good citizenship practices.

HONOR SOCIETIES

FRENCH HONOR SOCIETY

To be eligible for the National French Honor Society, students must maintain an "A" in French, and are selected after five semesters of French. Selected students are presented with a certificate at a banquet in the spring semester.

NATIONAL HONOR SOCIETY

Induction into the National Honor Society will be based on grade point average, leadership, service, and character. Class rank will not play a role in the induction of the National Society's students. Selection is based on a point system which grants points for grade point average, student's leadership, service, and character. Points can also be deducted for detrimental classroom behaviors, athletic code violations, suspensions, and expulsions. Students selected for the National Honor Society are not chosen on the basis of grades alone.

SPANISH HONOR SOCIETY

The Spanish Honor Society at Limestone Community High School is an honor society for those students with high academic achievement in Spanish, that is, an A minus average in five semesters of Spanish. Students are selected and presented with a certificate during the spring semester.

MEDIA METHODS

Student media methods include the student newspaper, the *Limelight*; the yearbook, the *Amulet*; and the broadcasting class, *Rocket One*.

The *Limelight* is produced as a class project in Media Methods class. The opinions expressed in the newspaper are not necessarily those of the Board of Education, the administration, faculty, or newspaper advisor. It is distributed to students, administration, faculty, the community, and nationally through a scholastic press exchange program. The *Limelight* follows journalistic principles and guidelines promoted by Quill & Scroll, Journalism Education Association, National Scholastic Press Association, and the Illinois High School Scholastic Press Association. Students must apply for acceptance to Media Methods and be approved by the advisor through teacher evaluations, completed application, and interviews.

The *Amulet* is issued annually as a pictorial record of the school year. A student editorial staff, supervised by a faculty advisor, is responsible for the publication. A limited number of students are allowed on the staff. Students must complete an application and be interviewed to determine their eligibility.

Rocket One is Limestone's very own student produced television program. Students in *Rocket One* broadcast a live television show daily to inform the students and staff of important events and activities. Students in this course learn the fundamentals of broadcast production by rotating through the different job positions found in a television studio. Sophomore through senior students are interviewed to determine their eligibility for this course.

STUDENT CONDUCT

PHILOSOPHY OF ATTENDANCE

All students are expected to attend school regularly and to be on time for classes in order to receive maximum benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

ATTENDANCE POLICY

The following attendance policy has been adopted by the Board of Education in an effort to keep students in school and in classes. Every opportunity will be given the student to avoid serious penalty. The parent/guardian may either call the school on the day of the student's absence or send a written note explaining the reason for the absence. If documentation for your student's absence is available from a doctor, dentist, or judge, please send a copy of it to school with your student. Communication between parents and the school helps to avoid potential problems and unnecessary contact and calls from the school.

TRUANCY COUNSELING

Limestone guidance counselors are available to students and their families to address attendance concerns, such as truancy and tardies. Referrals can be given should a parent want to contact outside resources to address their student's needs. Guidance Counselors can be contacted at 697-6271, EXT. 423.

POLICY

- A. Excused school or class absences shall include personal or family illness, religious holidays, personal injury, doctor and dental appointments, death in the family, family vacations (maximum of 5 days), school-related activities, court or judicial proceedings (at the discretion of the Dean), college visits, post high school educational training visits, job interviews, and military examinations. All other reasons will be determined excused or unexcused by the Deans. (An attempt should be made to schedule doctor or dental appointments at times that do not conflict with school hours.)
1. The following excused absences should be prearranged (parental request): family vacations, religious holidays, court, or judicial proceedings (at the discretion of the Dean), college visits, post high school educational training visits, job interviews, and military examinations.
 2. If the reasons for absence as listed above are not prearranged, they may become unexcused absences. The prearranged absence sheet that each student uses to obtain the teachers' signatures must be turned into the attendance office prior to the prearranged day or days.
 3. Extended prearranged absences (five or more school days) should be obtained from a Dean and signed by teachers at least five (5) school days prior to the time of the absence(s).
 4. Students absent three (3) or more consecutive days may be considered unexcused unless documentation is presented. When a student receives five (5) absences, excused or unexcused, a letter will be mailed home from the Dean of Students notifying parent and student of the absences and asking for documentation to be provided, if available. Furthermore, once a student accumulates ten (10) absences in a school year, he or she will be placed on the Documentation List. At this time, a second letter will be mailed from the Dean of Students explaining that any additional absences will only be excused if documented.
 5. Students who have 15 unexcused absences for the school year will be placed on the Limestone Community High School Alternative Agreement and may be taken before the Board of Education for an expulsion hearing if the Alternative Agreement is violated.
 6. Two college visits for juniors and seniors per year to be exempt *upon presenting documentation on college letterhead from university personnel, i.e. Administrator, Academic Advisor, and/or coach.*
- B. Absences from school/class due to truancy are unexcused. Students shall be allowed to make up daily class work, tests and term assessments. The grade for any work turned in late due to any unexcused absence will be lowered by 10%.
- C. Credit for make-up work for excused and unexcused absences will be granted. The time given for make-up work is as follows:
1. One day will be given for each day of absence. All make-up work must be completed within one week after the end of the grading period. Special arrangements will be made for those students with extended illness. Students who receive an out-of-school suspension will receive one day for each day suspended to complete any work missed during the suspension period. Students suspended two or more days will be granted a maximum of two days upon their return to school to complete all work missed.
 2. Students returning to school after an absence for any reason are responsible for assignments previously announced (i.e., tests, term papers, notebooks, etc.)

3. Students absent from school, for reason of illness, in excess of ten (10) school days should make arrangements for tutoring. Teachers will cooperate with the student and parent in cases of extended illness.
4. Prearranged absences - time allotted is one day for each day of absence. Make-up work may be handed in prior to the day(s) of absence.

Absence Reporting

A. A parent/guardian of an absent student is to call the attendance clerk on the day of absence prior to 10:00 AM stating the reason for the absence. Failure to do so may result in an unexcused absence or truancy.

B. If documentation for your student's absence is available from a doctor, dentist, or judge, please send a copy of it to school with your student.

The early dismissal privilege will be evaluated at the end of each semester for placement into the program the next semester. If the qualifications have not been met, students will be given the option to take a study hall or enroll in an additional class if enrollments will allow entry into the requested class. Each student will be given an early dismissal application that must be completed and signed by both the student and the student's parents/guardians. This application for early dismissal privileges may be reviewed by the Superintendent or his/her assigned designee.

7. Second semester senior eligibility will be based on credits and administrative approval.

PERFECT ATTENDANCE

In order for a student to qualify for perfect attendance, he or she must not have missed any school as defined by the Illinois State Board of Education. A school business absence will not count against a student's perfect attendance

PERMITS TO LEAVE

If a student needs to leave school during the normal school hours, he/she must bring a note signed by a parent or guardian to the Deans' or Guidance Office before the beginning of the school day. The note must include the student's name, the reason for the excuse, and the time he/she is to be dismissed. Any student who leaves school without a permit to leave may be considered truant and disciplined accordingly.

EMERGENCY PERMITS TO LEAVE

If a student needs to leave school during normal school hours in an emergency, he/she must contact the school nurse (medical emergency) or the Deans (non-medical emergency). A parent or guardian must be contacted and permission given before the student will be allowed to leave the building. Any student who leaves school without a permit to leave may be considered truant and disciplined accordingly.

DISCIPLINE POLICIES AND PROCEDURES

Discipline is defined as acceptable behavior through self-control. It is the school's sincere wish that each student develops all the necessary characteristics needed to enable him/her to determine what is or is not appropriate behavior. This maturation process differs in time and degree with each individual student. Because of this phenomenon, society (including schools) is faced with dealing with many different attitudes and concerns. We feel that it is only through cooperation among all parties involved that problems can be solved.

SCHOOLS REFLECT THE SOCIETY IN WHICH THEY EXIST. The great emphasis on the rights of individuals rather than on the rights and resulting responsibilities has produced many unique and complex problems. Couple this with the increasing number of societal problems and school personnel become faced with an awesome responsibility to develop self-control in young people.

It is the responsibility of Limestone Community High School to assure that every student has the right to receive an education free of physical and/or psychological threats. Limestone Community High School will administer its disciplinary policies to ensure the physical and psychological safety of each student.

RIGHTS AND RESPONSIBILITIES

Education is a privilege extended to those who use it properly. Students attend school for the primary purpose of gaining usable knowledge and skills. They are expected to strive for achievement equal to their abilities. With the right to attend school come certain responsibilities that are met only through an understanding of the school's philosophy of behavioral expectations.

IT IS THE RESPONSIBILITY OF EACH STUDENT IN ATTENDANCE AT LIMESTONE

COMMUNITY HIGH SCHOOL TO BE AWARE OF AND TO FOLLOW THE BOARD OF EDUCATION ADOPTED DISCIPLINE POLICIES AND PROCEDURES.

SCHOOL'S AUTHORITY

Illinois School Code, 105 Illinois Compiled Statutes 5/24-24. Maintenance of Discipline states: Teachers and other certificated educational employees shall maintain discipline in the schools, including school grounds which are owned or leased by the Board and used for school purposes and activities. In all matters relating to the discipline in and conduct of the schools and the school children, they stand in the relation of parents and guardians to the pupils. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the pupils in the absence of their parents or guardians. Reasonable force may be needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Nothing in this Section affects the powers of the Board to establish rules with respect to discipline. The Board may make and enforce reasonable rules of conduct and sportsmanship for athletic and co-curricular school events. Any person who violates such rules may be denied admission to school events for not more than one year, provided that written 10 days' notice of the violation is given such person and a hearing had thereon by the Board pursuant to its rules and regulations. The administration of any school may file legal charges as agents of the school against persons committing any offense at school events.

POLICIES AND PROCEDURES

1. Introduction

- A. The following rules set forth the standards and procedures of the Board of Education of Limestone Community High School District #310 regarding the discipline, suspension, and expulsion of students.
- B. The secretary of the Board of Education shall maintain a conveniently accessible copy of these rules in the office of the Board of Education and shall allow access to them by the public in accordance with *The Illinois Freedom of Information Act, 5 Illinois Compiled Statutes 140/1-11*.
- C. The Superintendent shall make these rules known to students and their parents by appropriate means.

3. Due Process

All students are afforded due process rights prior to any disciplinary action taken. These rights are afforded at each step of any disciplinary action such as: removal from class by a classroom teacher (one day only); informal hearings with the Dean or other school administrator; and formal hearings with the Board of Education.

4. Student Misconduct, Possible Discipline, Discipline Drop for a Class

- A. The following list of student offenses and possible disciplinary action is intended to place students, parents, teachers, and administrators on notice of what the Board of Education considers to be unacceptable student behavior and appropriate discipline. Although the Board has attempted to set forth with specificity a list of offenses and the range of discipline, the list is not intended to be all-inclusive. Therefore, to the extent that the student engages in conduct harmful to the district or fellow students that is not addressed on the following list, the administration (at its discretion) may impose appropriate discipline, including detentions and recommendations of class suspension, school suspension, and/or expulsion in accordance with the procedures contained herein.
- B. A student may be withdrawn from a class due to continued classroom misconduct. A Discipline Drop will result by following the procedure outlined below.

Offense	Consequence
1	Detention or Office Referral
2	Detention or Office Referral and the teacher will make a parental contact
3	Detention or Office referral and the Deans' Office will make a parental contact
4	Detention or Office Referral and the student, parent, teacher, and appropriate dean will sign a contract stating that the student will be removed on the 5 th offense
5	Detention or Office Referral, student will be withdrawn from the class with a WP or WF, no credit will be earned, the student will be assigned to a study hall

- C. The administration (where appropriate) and the Board have the discretion to dispense any of the disciplines set forth in conjunction with the specified student offense, and are not required to engage in "progressive" discipline unless these rules specifically require that progressive discipline be followed.

ACTS OF MISCONDUCT

LEVEL I

Level I offenses involve minor misbehaviors which impede orderly classroom procedures or interfere with the orderly operation of the school. Such misbehaviors can usually be handled by an individual staff member but sometimes require the intervention of other school support personnel. These include but are not limited to such misbehaviors as:

BEHAVIOR

1. first time misconduct of a minor nature at school or on bus
2. public displays of affection
3. inappropriate physical contact
4. failure to bring proper work and/or study materials to class
5. use of electronic devices without teacher permission in the classroom, including, but not limited to, cellular devices, MP3 players, CD players, electronic gaming devices, digital cameras, digital video recorders, etc.
6. dress code violations
7. AWOL/Class Truancy
8. food or drinks in academic lockers, hallways and classrooms

DISCIPLINARY RESPONSE

Level I Range of Consequence(s)

- Verbal reprimand
- Student/staff conference
- Withdrawal of privileges
- Counselor referral
- Parent contact
- Behavior contract
- Special assignment
- Room detention
- Detention

LEVEL II

Level II involves misbehaviors whose frequency or seriousness tends to disrupt the learning climate of the school. Those infractions that result from the continuation of Level I misbehaviors require the intervention of personnel on the administrative level because the execution of Level I disciplinary options has failed to correct the situation. Included in this level are misbehaviors which do not represent a direct threat to the health and safety of others, but whose education consequences are serious enough to require corrective action on the part of administrative personnel. These include but are not limited to such misbehaviors as:

BEHAVIOR

1. continuation of Level I acts of misconduct
2. failure to obey a reasonable request or direction of school personnel
3. leaving school grounds during school day without permission of school authorities
4. being in or around vehicles in parking lot without permission of school authorities
5. being in hall, rest room, or any off-limits area without authorization
6. cheating/plagiarism
7. use of profanity, obscene, or vulgar language/gestures

DISCIPLINARY RESPONSE

The student is referred to the Dean for appropriate disciplinary action. The Dean meets with the student and/or teacher and affects the most appropriate response. The teacher and parent/guardian are informed of the Dean's action. The Dean maintains a proper and accurate record of the offense and disciplinary action.

Level II Range of Consequence(s)

- Student/staff conference
- Referral to counselor

- Financial Restitution
- Detention
- Saturday detention

LEVEL III

Level III involves a continuation of Level II or failure of Level II disciplinary measures to correct the behavior and acts directed against persons or property but whose consequences do not seriously endanger the health and safety of others in the school. Although some Level III acts of misconduct might be considered criminal, they can usually be handled by the disciplinary mechanism in the school. Corrective measures that the school should undertake, however, depend on the extent of the school's resources for remediating the situation in the best interest of all students. These include but are not limited to such misbehaviors as:

BEHAVIOR

1. continuation of Level II acts of misconduct
2. **insubordination directed to school personnel**
3. use of ethnic or sexual orientation slur
4. use of profanity or vulgar language toward fellow students
5. active participation in a verbal, pushing, or shoving incident
6. damaging school property/property of others
7. possession and/or use of any type of tobacco product in school or on school grounds

21. Taking videos or pictures of any staff member or student without permission

DISCIPLINARY RESPONSE

The Dean initiates disciplinary action by investigating the infraction and conferring with the staff on the extent of the consequences. The Dean meets with the student and confers with the parents about the student's misconduct and the resulting disciplinary action. A proper and accurate record of the offenses and disciplinary actions is maintained by the Dean.

Level III Range of Consequence(s)

- Student/staff conference
- Temporary removal from class
- Parental conference in person
- Financial restitution
- Permanent removal from class
- Withdrawal of privileges
- Saturday detention
- In-school detention
- Out-of-school suspension
- Juvenile referral
- Police referral

LEVEL IV

Level IV acts involve actions which result in violence to another person or property or which pose a direct threat to the safety of others in the school. These acts of gross misconduct are so serious that they always require administrative actions, which result in the immediate removal of the student from the school, the probable intervention of law enforcement authorities, and possible action by the Board of Education. These include but are not limited to such misbehaviors as:

BEHAVIOR

1. continuation of some Level III acts of misconduct
2. acts of physical violence including battery/fighting (active participation)
3. profanity directed toward a staff member or in response to a staff member

ALPHABETICAL LISTING OF POLICIES

ALCOHOL AND SUBSTANCE ABUSE POLICY

The use of alcohol, or non-medical use of other drugs, constitutes a potential hazard to the physical, emotional, and psychological development and also the educational progress of students. It has been the intent and responsibility of the administration and teachers of Limestone Community High School to develop programs and procedures which:

1. provide assistance and support to those students who request assistance in addressing a problem with alcohol or other substances.
2. provide accurate, factual information to students so they can make intelligent, mature decisions regarding the use of alcohol and other substances, and which may help prevent them from becoming users of alcohol and other substances.
3. assist in the overall community effort to reduce illegal drug traffic.

To achieve these goals, Limestone Community High School shall:

1. provide an educational program that will make students aware of the physical, emotional, and psychological dangers involved with the use of alcohol and other drugs. The program shall provide students with objective information that will help them make intelligent decisions regarding the use of alcohol and other drugs. Such information shall include a focus on abstinence from the use of alcohol or other drugs.
2. establish and maintain an on-going in-service education program for our entire teaching staff and also establish and maintain a program of information for the parents to:
 - a. enhance their understanding of the problems associated with the use of alcohol and other drugs by adolescents.
 - b. enhance their ability to recognize signs and symptoms of alcohol or other drug use by adolescents.
 - c. teach them the skills necessary to intervene on behalf of an adolescent who is experiencing problems related to his/her use of alcohol or other substances.
 - d. inform them about substance abuse treatment and intervention services available at area hospitals, agencies, and support groups that provide support to family and friends as well as to an adolescent addicted to alcohol and other substances.
3. cooperate with all law enforcement agencies by reporting any information that would assist in the apprehension of alcohol or drug traffickers.

4. establish prevention and intervention procedures that help Limestone Community High School reduce the use, distribution, and sale of alcohol or other drugs on school property and at school-sponsored events and activities.
5. inform all students that the use, possession, transfer, or sale of alcohol or other drugs on school property or at school-sponsored events and activities is prohibited by District 310 Board of Education Policy as well as by law. The violation of this policy will result in immediate suspension and a recommendation to the Board of Education for expulsion from school for the remainder of the school term.

ALTERNATIVE PROBATION

The Board of Education has adopted the student probation policy for the student who continues to violate school rules, is repeatedly suspended from school, or is a chronic truant from school/classes.

The student, along with the parent, is asked to sign an agreement whereby the student agrees not to violate any of the disciplinary procedures listed on the agreement for a specific period of time, usually for the remainder of the semester or for the school term. If the student violates the term(s) of the agreement, the student is then scheduled to appear at a discipline hearing conducted by members of the Board of Education to determine whether the student remains in school or is expelled from school for a specific period of time.

The probation agreement is a final effort to keep students in school. It is our intent to provide the student with an alternative to expulsion.

BOOK BAG/BACKPACK/PURSE POLICY

Book bags and purses are to be used to carry materials to and from school. They are not to be carried from class to class during the regular school day unless permission is granted by the administration for special circumstances or it is noted in a student's Individualized Education Plan (IEP).

BULLYING POLICY

Limestone Community High School defines bullying as act or acts of intentionally cruel incidents, involving the same students in the same bully and victim roles, whether transmitted in person or electronically from home or school. The intention of bullying is to put the victim in distress in some way. Bullies seek power in a variety of ways:

- **Physical Bullying:** Hitting, poking, pinching, or damaging someone else's things are all examples of physical bullying. Hurting someone physically likely results in suspension.
- **Verbal Bullying:** Teasing, name-calling, spreading rumors, insulting, threats and other verbal attacks are all examples of verbal bullying.
- **Social Bullying:** Excluding or teasing others who are different from or disliked by you and your friends is social bullying.
- **Cyber Bullying:** Using the internet or electronic devices to engage in verbal or social bullying is known as cyber bullying. Spreading rumors on social media sites or sending hurtful text messages are two common examples of cyberbullying. Public Act 98-129 prohibits school officials from demanding a student's social network password, unless school officials have reasonable cause to believe the student's social network site contains a violation of a school rule or policy.

All students, teachers and staff should contact a dean, guidance counselor, or school resource officer upon hearing or learning of any acts of bullying.

The DISCIPLINARY RESPONSE is as follows:

First Offense:

Both parties will be given their due process in the Deans' Office to determine the nature and extent of the bullying, and parents will be contacted. Should the bullying involve other school violations, such as pushing or hitting, those consequences will be enforced. Possible disciplinary responses are:

- Conference with parent and student
- Mediation
- Detention

- Saturday detention
- In-school detention
- Suspension
- Referral to law enforcement officials

Second and Subsequent Offenses:

As acts of bullying continue and/or become more cruel, disciplinary responses will become more severe in conjunction with our Codes of Conduct, Levels 1 through 5.

CHEATING AND PLAGIARISM POLICY (This policy covers all curriculums within the school.)

RATIONALE: This policy is written to communicate to students and parents that cheating and plagiarism are not acceptable at Limestone Community High School.

POLICY: All students are expected to adhere to the highest standards of personal honesty in their work. Work that is presented for credit in all classes must be original.

CHEATING: Cheating is defined as using dishonest methods to gain an advantage. This includes utilizing any kind of secretive means of gaining information for use on quizzes, tests or homework.

PLAGIARISM: Plagiarism is defined as stealing and passing off the ideas and words of another as one's own, using a created production without crediting the source, or committing literary theft. For example, turning in a paper retrieved from any Internet source (either free or for a fee) or including information from an encyclopedia, book, textbook, website, database, etc. without citation is plagiarism. A paper is considered plagiarized if any part of it is taken from another source without proper attribution (citations).

VIOLATIONS: Violations of academic honesty will be divided into two levels. These levels are determined by the importance of the assignment and premeditation of the student.

Level I

Classroom teachers will deal with Level I violations. Students who are caught cheating or copying will receive a zero on the suspect assignment/test.

Level I violations include:

- Copying homework
- Looking on another's test or quiz
- Letting another student look on a test or quiz
- Using other secretive methods of giving answers on a test or quiz
- Taking information from another source that is not properly attributed
- Working with others on an assignment that was meant to be done by individuals
- (Students should consider all work individual unless the teacher specifies it differently.)

A second Level I violation will be considered a Level II violation and will be dealt with accordingly.

Level II

Level II violations are considered severe and will be dealt with by the teacher, the Division Head and/or Deans' Office. Administrative documentation will follow these violations.

Level II violations include:

- Taking papers from the Internet, other publications, or other students.
- Translating a foreign language piece by a translator.
- Taking any part of a test to use or to give to others.

These violations can be considered theft; therefore, any student who is guilty of any of the above will receive a zero on the suspect assignment and will be penalized an additional equivalent number of points from his or her semester grade. (Example: a 100-point assignment will equate to a 200-point deduction from the semester grade).

Students found guilty of these violations will be ineligible for National Honor Society for their next eligible year.

If plagiarism occurs, the student must still meet the minimum requirement of the course by rewriting the assignment according to teacher specifications. The points on this assignment will be added to the student's score. (A student who receives 65 out of 100 on the paper will then have a 35 for the assignment). Failure to rewrite will result in an "F" for the course.

A second offense of plagiarism will automatically result in an "F" for the course and the student is ineligible for National Honor Society.

DEMONSTRATIONS AND STRIKES

Students in any protest situation will be informed they are violating school policy, and they will be given five minutes to reconsider and return to class. Those who fail to return to class will be asked to identify themselves as students through their identification (ID) cards or other means, to sign a protest sheet in the Deans' office, and to return to class. Those who fail to prove they are bona fide students with a right to be heard will be treated as trespassers and the police will be called. Anyone not in his proper assigned class within fifteen minutes will be suspended and subject to expulsion and arrest for criminal trespassing and creating a public disturbance.

DETENTION

Detention is the policy of keeping a student for one hour before or after school to deter various acts of misconduct. Detention hall is scheduled Wednesday and Thursday after school from 2:50 to 3:50 PM. A bus is provided after school. Friday morning detention runs from 6:40 to 7:40 AM. FIGHTING/BATTERY

Fighting/battery will not be tolerated at any time. Students who participate in fighting/battery will be suspended immediately for five to ten school days. Law Enforcement Officials will be contacted and village ordinance tickets and/or criminal charges may apply. Upon return to school, students are required to participate in a mediation session; failure to do so could result in further discipline. Any student involved in a second fight/battery will be immediately suspended and will be taken before the Board of Education for an expulsion hearing.

FOOD AND DRINKS

No food or drink items are allowed in locker areas or in academic hallways. If students bring food or drinks into school, they are to be consumed in either the snack bar or the cafeteria before going to lockers or reporting to classrooms. Students violating this procedure will be subject to Level I Discipline Policies.

GUNS IN THE SCHOOL

Guns, either loaded or unloaded, have no place in the school or in the possession of school-aged children. They present a clear and serious danger to everyone within the school setting. Students who are aware of any student in possession of a gun within the building, on school buses, or on school grounds are to notify a staff member immediately. Failure to do so could lead to disciplinary action.

Any individual in possession of a gun on school grounds will be committing a felony and will be prosecuted to the fullest extent of the law. If that individual is a student, that student will be immediately suspended from school, the appropriate police department will be contacted and charges will be filed. A disciplinary hearing before the Board of Education will be scheduled. **AT**

THAT HEARING, THE ADMINISTRATION WILL RECOMMEND THE EXPULSION OF THE STUDENT FOR UP TO TWO CALENDAR YEARS.

5. School authorities will supervise the student when the self-administering of the medication is done. School authorities will be notified in writing from the parent/guardian when medication may cause serious side effects or, in special cases, when only a registered nurse can administer the medication. The written request must include all information as required in #2 above.
6. Both the parent's letter and the physician's medication orders must be placed in the pupil's temporary (medical) folder.

The parent/guardian must also provide a written statement from the student's physician, physician assistant or advanced practice registered nurse, indicating the name and purpose of the epinephrine auto-injector, the prescribed dosage and the times or special circumstances under which the epinephrine auto-injector is to be administered. Permission for the use of an epinephrine auto-injector is effective for the school year in which it is granted and must be renewed each subsequent school year by meeting the above requirements. The school district and its employees and agents are to incur no liability, except for willful and wanton conduct, as a result of injury arising from the use of an epinephrine auto-injector by the student.

OUT-OF-SCHOOL SUSPENSION

Out-of-School suspension is assigned to a student only after other measures have been tried or in the case of serious offenses. During the period of an out-of-school suspension, the student is to remain off school property and is prohibited from attending any school-sponsored function during or after school hours. Students are allowed to make up all work, though it will receive a penalty. Students returning from this type of suspension must meet with their guidance counselor for an admit before returning to class. Accumulation of ten or more suspension days will result in the student being placed on LCHS Alternative Probation and/or being taken before the LCHS Board of Education for an expulsion hearing.

PHYSICAL CONTACT

Physical contact between students such as horseplay, pushing, wrestling, throwing snowballs, etc., shall not be condoned. Excessive displays of affection are considered improper behavior in the halls or on school grounds and are disruptive to the school's educational atmosphere. STUDENTS WILL BE GIVEN A CHOICE OF TWO CONSECUTIVE SATURDAYS TO SERVE THEIR DETENTIONS. TEN SATURDAY DETENTIONS ARE THE MAXIMUM NUMBER ALLOWED PER STUDENT PER SEMESTER.

Each Saturday detention is two (2) hours long. Saturday detention requires that the students be in the cafeteria from 8:00 AM to 10:00 AM on the Saturday of their assigned detention. Students arriving late will not be allowed to enter. Failure to attend Saturday detention BY THE LAST ASSIGNED DATE will result in an assignment to in-school detention.

It is the student's responsibility to bring appropriate study material. The school will provide NO transportation to or from Saturday detention. If a student is removed from Saturday detention for disciplinary reasons, the student will be placed in in-school detention as assigned after a conference with the Deans IF HE/SHE HAS EXHAUSTED HIS/HER TWO DATES TO SERVE THE SATURDAY DETENTION. School authorities may also turn over such evidence to law enforcement authorities. - e. An inventory of all illegal items found in the search is to be recorded and signed by a witness. A receipt will be given to and signed by the student.

Only the Police will handle any search requiring greater intrusion. ***ALSO SEE LOCKERS AND VEHICLE PARKING**

Seizure Procedure

Any item which is found during a search that is believed to be violating either criminal law or school rules will be tagged with the student's name, names of those conducting the search, and a copy of the receipt of contents from the search. The item will then be secured in a locked area until released to proper authorities.

SEXUAL HARASSMENT

Limestone Community High School will strive to provide an environment free from all forms of sexual harassment. Any reports of sexual harassment will be investigated and dealt with appropriately. Cases of harassment should be reported to the Deans or Counselors.

SOCIAL SUSPENSION CONTRACT

Social Suspension is one in which a student is not allowed to attend school functions during the school day and outside of the regular school day. These functions include, but are not limited to: Food Fair, assemblies, school dances, sporting events, fine art performances, or other school-sponsored events. Actions that may result in a social suspension include, but are not limited to:

1. Outstanding discipline not served
2. Failure to serve two or more Saturday detentions
3. Major infraction and/or suspension of at least five days
4. 10 (ten) days of unexcused absences
5. Two or more times in ISD per semester
6. Inappropriate behavior at a school event
7. Being in the building after-school hours without permission
8. Failure to serve detentions

A Social Suspension contract will be initiated by the Deans' Office. The length of the contract will be determined by the Deans' Office and may include up to a full year. Failure to comply with the Social Suspension will result in further discipline.

STREET GANGS AND SECRET SOCIETIES

The involvement of students in street gangs and/or secret societies and their activities is considered by the Board to be a matter of extreme concern. For the purposes of this Section, street gangs or secret societies are defined as any organization, composed wholly or in part of school district students, which seeks to perpetuate itself by taking in additional members from individuals enrolled in the school district for the purpose of fulfilling aims unrelated to the School district's education process, and which has the effect, or the potential for, disrupting that process. The Board, in its discretion and based upon its investigation and evaluation of the facts and circumstances of each case, may impose appropriate discipline, including suspension and/or expulsion, based upon any one of the following student offenses: (1) becoming a member of or joining or promising to join, or pledging to become a member of, or soliciting any other individual to join, promise to join or pledge to become a member of any street gang or secret society; (2) soliciting any individual enrolled in the school district to attend a meeting where the joining of a street gang or secret society is encouraged; (3) wearing street gang or secret society insignia, including tattoos or "flashing" gang or secret society signs; (4) drawing street gang or secret society symbols; or (5) distributing street gang or secret society literature.

SUSPENSION POLICY

Suspension is the exclusion of the student from the school setting, including co-curricular activities, from one to ten days. This action is taken only after other measures have been tried or in the case of serious offenses. Two types of suspension are utilized by Limestone Community High School, depending on the type of misconduct, In-School Detention and Out-of School Suspension. Accumulation of ten or more suspension days of ISS and/or OSS, will result in the student being placed on LCHS Alternative Probation and/or being taken before the LCHS Board of Education for an expulsion hearing.

TARDY POLICY

See Tardy Policy on page 36

TRUANCY POLICY

See Truancy Policy on page 36

WEAPON POLICY

A student who uses, possesses, controls, or transfers a weapon, or any object that can reasonably be considered, or looks like, a weapon, shall be expelled for at least one calendar year, but no more than two calendar years. The Superintendent may modify the expulsion period and the Board may modify the Superintendent's determination, on a case-by-case basis. A "weapon" means possession, use, control, or transfer of (1) any gun, rifle, shotgun, a weapon as defined by Section 921 of Title 18, *United States Code*, firearm as defined in Section 1.1 of the *Firearm Owner's Identification Act*, or use of a weapon as defined in Section 24-1 of the *Criminal Code*, (2) any other object if used or attempted to be used to cause bodily harm, including but not limited to, knives, brass knuckles, billy clubs, or (3) "look-alikes" of any weapon as defined above. Any item, such as a baseball bat, pipe, bottle, lock, stick, pencil, and pen, is considered to be a weapon if used or attempted to be used to cause bodily harm. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

BUS TRANSPORTATION

Unacceptable behavior on a school bus is clearly defined by the State of Illinois. Such behavior is distracting to the bus driver and a definite threat to the life and wellbeing of all students who ride school buses.

ALL STUDENTS MUST SHOW THEIR I.D. CARDS BEFORE BEING PERMITTED TO RIDE THE BUS TO AND FROM SCHOOL DAILY. A student's bus route number will be printed on their I.D. card, which is received from the Deans' Office. Students must identify themselves with picture I.D. cards upon request. Refusal to do so could result in bus suspension.

Rules Regarding School Bus Transportation

- A. Students who ride the school buses are, while in transit, under the authority of the school bus driver or a designated adult supervisor and are required to consider the driver or supervisor as school personnel.
- B. The driver or supervisor has the right to assign the students to particular seats.

- C. Students waiting at bus stops in the morning and after getting off buses in the afternoon are subject to all school rules.
- D. In addition to the student offenses listed under Student Misconduct, the Board adopted the following rules for students who ride school buses:
 1. Students must be at the designated school bus stop at the designated time. Students who miss the bus and do not report to school or who are tardy will be given an unexcused admit.
 2. Students may not stand in the street while waiting for the bus. Students must wait for the bus to come to a complete stop before boarding. Boarding and exiting must be orderly, with no yelling, pushing, or shoving.
 3. Students are to sit quietly and are not to create any type of disturbance while riding on the bus.
 4. Students must keep their hands and heads inside the bus at all times.
 5. Windows are to remain closed while traveling through a town or city while on school-sponsored charter trips. Students may not throw anything out of the windows at any time.
 6. Eating, drinking, and littering on the bus are not allowed.
 7. Students must remain seated until the bus comes to a complete stop for loading or unloading.
 8. Students may not place books, lunches, or any other objects in the aisles.
 9. Students are to remain quiet when the bus is approaching all railroad crossings.
 10. When a student must cross a roadway after unloading, the student shall proceed at least ten feet in front of the bus and remain on the right shoulder until the bus driver signals the student to cross.
 11. Students should not ask the bus driver to stop at unauthorized stopping points.
 12. Students who enter the bus in the morning will not be permitted to unload from the bus except at the high school unloading area.
 13. Students must always ride their assigned bus unless special permission to ride a different bus is given by the Assistant Superintendent. If the request is granted, a written pass will be issued which the student must present to the appropriate bus driver. A request to ride a different bus must be accompanied by a written note from a parent and will be honored where sufficient reason is demonstrated and there is space available.
 14. Students may not use the emergency door unless instructed to do so by the driver or supervisor or unless an emergency exists.
- E. Students who violate any of the rules contained in Paragraph D or engage in any misconduct listed under Student Misconduct Discipline Policy and Procedures will be warned by the bus driver or supervisor. In addition, the driver or supervisor may, at his or her discretion, report the student's conduct to the Dean for other additional action.
- F. When student misconduct on a school bus is reported to the Dean, the Dean shall have the authority to impose appropriate discipline. If the student misbehavior is conduct listed under Student Misconduct, Level II, III, or IV of the Discipline Policy and Procedures, the Dean shall impose discipline within the appropriate range of penalties listed in Student Misconduct. If the student conduct violates any of the rules contained in Paragraph D of Rules Regarding School Bus Transportation, the Dean may impose appropriate discipline, including detention, suspension and/or recommendation for expulsion.
- G. In addition to the discipline set forth in Paragraph E, the Dean may suspend a student from his/her transportation privileges up to ten school days for a specific rule violation. The Board may also suspend a student from bus transportation privileges for the remainder of the school semester; however, a semester suspension will occur only after a hearing is conducted in accordance with the *Illinois School Code*.

EDUCATION OF HOMELESS CHILDREN

Each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education, as provided to other children and youths, including a public pre-school education. A "homeless child" is defined as provided in the *McKinney Homeless Assistance Act* and State law. The Superintendent shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the *McKinney Homeless Assistance Act* and State law. The Superintendent or designee shall give special attention to ensuring the enrollment and attendance of homeless children and youths who are not currently attending school. If a child is denied enrollment or transportation under this policy, the Liaison for Homeless Children shall immediately refer the child or his or her parent/guardian to the ombudsperson appointed by the Regional Superintendent and provide the child or his or her parent/guardian with a written explanation for the denial. Whenever a child and his or her parent/guardian who initially share the housing of another person due to loss of housing, economic hardship, or a similar hardship continue to share the housing, the Liaison for Homeless Children shall, after the passage of 18 months and annually thereafter, conduct a review as to whether such hardship continues to exist in accordance with State law.

LIMESTONE COMMUNITY HIGH SCHOOL DISTRICT 310 ELECTRONIC NETWORK ACCEPTABLE USE POLICY

All use of electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Privileges - The use of the District's electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.

No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the web or on District websites or file servers without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.

- b. Students and staff engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email - The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet *domain*. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the School District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is almost assured if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Staff members shall supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principal shall monitor student Internet access.

DEFINITIONS

AWOL is defined as a student not being in the area they are assigned to be in. Examples include: missing more than five (5) minutes of class without valid cause (also called a class truancy), leaving class without permission, leaving class early, not reporting to the appropriate area, or misuse of a hall pass.

Bullying (including electronic bullying from school or home) is an act or acts of intentionally cruel incidents, involving the same student in the same bully and victim roles. The intention of bullying is to put the victim in distress in some way. Bullies seek power. Disciplinary action will be taken in accordance with the severity and nature of the bullying.

Chronic or Habitual Truant is defined as a child subject to compulsory school attendance and who is absent without valid cause from such attendance for five percent of the previous 180 regular attendance days.

Detention is the policy of keeping a student for sixty (60) minutes after normal school hours on Wednesdays and Thursdays or before the start of school on Fridays (student's option) for various acts of misconduct. Notice of detention is given at least one day in advance so the student and family may make plans and provide transportation to or from school depending upon which day the student selects to serve his/her detention.

Discipline Referral is the process by which school personnel refer students for administrative action for certain rule violations.

Expulsion is the official act by the Board of Education prohibiting a student from attending school for a specified period of time. Expulsion occurs when other means of corrective action have failed to bring about a proper change of conduct or if the offense is of a serious nature.

Gambling is defined as dealing, operating, carrying on, conducting, maintaining, exposing for pay of any game, or making a bet.

Out-of-School Suspension is the exclusion of the student from the school setting, including cocurricular activities, from one to ten days. This action is taken only after other measures have been tried or in the case of serious offenses. Accumulation of ten or more days of OSS will result in the student being placed on LCHS Alternative Probation and/or being taken before the LCHS Board of Education for an expulsion hearing.

Parental Admit is needed when acts of misconduct result in the student being suspended until a parent/guardian returns to school with the student. The parent/guardian and appropriate school personnel will confer regarding the student's discipline or attendance problems.

Pass Violations occur when a student without a pass is in the hallway or other parts of the building during the time classes are in session. It is the responsibility of the student to obtain a pass before leaving his/her assigned room or area and a student may go only to those areas specifically listed on the pass. All staff members may examine student passes in an effort to control corridor traffic.

Saturday Detention is a program designed to discipline acute or continuous problems. Saturday detention is assigned only from the Deans' Office. Saturday detention is a two-hour period served from 8:00 am – 10:00 am on Saturday morning. The student will be given two (2) weekends to serve the detention. A student can be assigned one or two Saturday detentions depending upon the misconduct. If two Saturday detentions are assigned, the student is expected to serve two consecutive weekends.

Student Referral is the process by which a teacher refers a student to the student's counselor. The referral is made as a result of the teacher's unsuccessful attempt in correcting the attitude or behavior of a student.

Tardy is defined as the failure of a student to report to school or to his/her class on time. A student must be in the classroom door when the tardy bell begins to ring.

Truancy is defined as a child subject to compulsory school attendance and who is absent without valid cause from such attendance for a school day or portion* thereof. (*Note: this means just one class is considered a truancy.)

Violence is any word, look, sign, or act that harms, or threatens to harm, a person's body, feelings, or personal effects. Disciplinary action will be taken in accordance with the severity and nature of the violent act. (See Disciplinary Levels I through V.)

STUDENT INFORMATION

BUSINESS OFFICE

The Business Office is located near the auditorium foyer and houses offices for the Superintendent, Assistant Superintendent, and the Board of Education Meeting Room.

The cafetorium offers a well-balanced lunch value meal for the price of \$2.75. Breakfast is served beginning at 7:15 AM with a value meal cost of \$1.75. A la Carte items such as specialty sandwiches, bottled water, desserts, etc., are also available for a nominal cost. The basic menu always equals or exceeds the state requirements under the National School Lunch Program. Students must use a tray while in the food lines and are expected to clean up after themselves. Trays, dishes, and silverware are not to be left on the tables; they should be taken to the dish room window.

DEAN'S OFFICE

The Deans' Office is in the east corridor of the first floor and houses offices for the Deans and the Attendance Clerk.

GUIDANCE OFFICE

The Guidance Office is in the east corridor of the first floor. Located in this office are the Guidance Counselors, including the Head Guidance Counselor, registrar, records clerk and Special Education secretary.

HEALTH CENTER

A licensed nurse is on duty in the Health Center daily from 7:15 a.m. to 3:15 p.m. If a student feels ill in class, he/she should report the fact to a teacher, who will in turn send the student to the nurse. If a student is too ill to remain in school, the nurse will notify the student's parents, guardian, or a designated emergency contact person. They will arrange for transportation home. Under no circumstances should a student go home unless this procedure is followed. In the event of a serious injury, the school will make every effort to contact the appropriate persons, but it may be necessary in some instances to transport injured people directly to the doctor or hospital. **IF THE NURSE IS OUT, THE STUDENT SHOULD IMMEDIATELY REPORT TO A GUIDANCE COUNSELOR.** It is important to report all accidents immediately to the teacher in charge. To help us ensure a student's health and safety, school law requires that we maintain the following records on file: 1) a health record and 2) an immunization record.

If these records are not on file in the nurse's office, the student will be excluded from school. Physical exam forms (health records) are due in the nurse's office by September 1 of the school year. All immunization records must be in compliance by October 1 of each school year. We also require the parent to complete an emergency contact card for our files.

LIBRARY

The library is open from 7:15 AM to 3:15 PM on regular school days. Passes from study hall to the library may be obtained from the library staff.

Students can access the library catalog through the LCHS Library web page where they may select from over 12,000 books. Research databases (containing magazine articles and e-books) and other student resources are available through the library web page. Most databases can be accessed from home with the **user name: limestone** and **password: rockets**. Ask the library staff for home access details. Alpha Park Library also has research databases available.

The Library staff welcomes you and encourages you to explore the library and ask for assistance, when needed.

LOST AND FOUND

Students should check in the Principals' Office and Welcome Center for lost items. Any items found should be turned in to the Principals' Office or to the School Resource Officer.

MOMS WHO CARE ROOM

The Mom Who Care (MWC) Room is located behind the gym in the former dance room. Moms Who Care is a community outreach program that helps students achieve success at Limestone Community High School by meeting essential needs such as hygiene products, school supplies, food items, and clothing. Waste is to be placed, not thrown, in the containers. Students should clean their tables before leaving the Snack Bar area.

WELCOME CENTER

Every student or visitor arriving to Limestone after 7:45 a.m. must enter the building using Entrance 19, the cafeteria doors off the student parking lot, where they will be buzzed in by the Welcome Center attendant. The following protocols are in place to make our campus as safe as possible for students, staff and visitors.

1. Parents dropping off or picking up their students or items for their students, such as homework or uniforms, after 7:45 a.m. will need to use the student parking lot at the corner of Airport and Pfeiffer Roads. Items will be left with the Welcome Center attendant.
2. Delivery personnel will need to check in at Entrance 19 before delivering elsewhere.
3. Students arriving after 7:45 a.m. must sign in at the Welcome Center.
4. Visitors must sign in at the Welcome Center where they will receive a pass to wear while in the school.

FINANCES

FEES

Limestone District 310 operates on a flat fee basis, meaning that a fixed amount is paid for textbook rental and other items. The 2018-2019 fee is \$125 per year, which can be paid on a yearly basis or \$62.50 per semester. The yearly fee for the second child of a family is \$100 and \$75 per year for each additional child in the family. The semester charge would be half of these rates. The flat fee includes books, participation in music and sports activities, general classroom equipment, and specific classroom supplies. Driver's Education fee is \$125 for the Behind the Wheel portion of the course. As stated, textbook rental is included in the flat fee, but each text becomes the responsibility of the student. If a textbook is lost or damaged, an additional cost will be assessed to the student for repair or replacement. The flat fee does not include insurance, admission to school activities, stock and material for student projects in shop, art, and family and consumer science classes, yearbook purchases, padlocks, class rings, senior graduation fees, or other specific student fees. Certain classes may require the purchase of a workbook or material that students will keep at the end of the course or consume over the period of the course. Late entrants will be charged a proportionate share of the flat fee. Students dropping from school can receive a refund determined by the length of the enrollment; however, there is no refund after the midpoint of a semester.

FEE WAIVER

A fee waiver may be obtained by completing a free/reduced lunch application, which is available in the Business Office or online through the Family Access Food Service link. Approval is based on income eligibility guidelines set annually by the Federal school lunch program. Only students approved for free/reduced lunches will have book fees and Driver's Education Behind the Wheel fees waived. Laboratory fees, shop fees, workbook costs, damaged textbooks fines, and library fines are not included in the fee waiver process and are still the responsibility of the student's parent or guardian to pay. Paper applications for free/reduced lunch should be turned in to the LCHS Business Office for processing.

STUDENT INSURANCE

It is a parent's responsibility to make sure their students are properly insured in case of injuries while participating in Limestone curricular, co-curricular or extra-curricular events. Limestone CHSD 310 is exempt from liability on injuries incurred while participating in all school activities including but not limited to athletic events, athletic camps, open gyms, and school-sponsored events or practices. If an injury occurs, the student should report the injury immediately to their teacher, coach, athletic trainer, or event sponsor. An accident report form should then be filed with the school nurse or athletic trainer. Voluntary student insurance is available through K & K Insurance; more information on voluntary student insurance is available on the LCHS website under the "For Families" tab.

OBLIGATION LIST

Students owing money for fees, damaged books, unreturned school equipment, fundraising items, library fines, or other items will be placed on an obligation list. Parents may receive up-to-date information on obligations through the "Fee Management" link in Skyward Family Access. Statements for outstanding obligations will be mailed in the spring semester. Failure to pay obligations will result in student's diploma being held until all obligations are paid in full. A student's obligation may also include detention hours. Not serving assigned detention hours will result in a student's diploma being held until the required hours are served.

CRIME STOPPERS PROGRAM

We are concerned about the acts of vandalism, thefts of money, personal property and school property, and the drug/alcohol activity, which are present in our school. We have addressed these issues each year with students but the undesirable acts continue. Our Crime Stoppers program allows individuals to anonymously call our office to report an incident. When an individual calls, a code number is assigned to the report. If the lead proves reliable and the item/items are recovered, we will post the reward. When the individual returns the call with the proper code, we tell him/her the locker number and lock combination and the date and time to pick up the reward. This allows the individual to collect the reward and maintain his/her anonymity.

We need your help in making this a productive program. Remember, acts of vandalism, theft, and illegal drug/alcohol problems affect all of us. This program is designed to protect both the victim and the witnesses. Students are encouraged to come forward to help rid our school of these types of problems. There comes a time when a person must make the differentiation between being a responsible person as opposed to being indifferent or not wanting to "rat" on someone. We want to make this school a better school for you to attend.

IDENTIFICATION/LUNCH (I.D.) CARDS

Identification cards are provided for all students when they enter high school. I.D. cards are required for identification, lunches, bus transportation, student elections, and dances. THE COST OF REPLACING A LOST I.D. CARD IS \$5.00.

LOCKERS

All lockers are the property of the Limestone Community High School Board of Education and as such may be searched upon reasonable cause. Lockers are to be used to store books, school supplies, and outdoor garments. Students will be assigned a hall locker by the Deans' Office, a physical development locker by the physical development teacher, and an athletic locker (if necessary) by the coach. Students are responsible for their assigned lockers. Any damage is to be immediately reported to the Deans' Office, a physical development instructor, or a coach. Students are also responsible for any articles stored in their assigned lockers. If a locker search is made and illegal or inappropriate items are found, the students will be held accountable according to the provisions of the Student Disciplinary Code. Students should never share lockers or lock combinations with any other students. The Board of Education cannot assume responsibility for lost or stolen items. If there is a locker theft, it should be reported to the Deans' Office or to the School Resource Officer as soon as possible.

These padlocks MUST BE PURCHASED from the Dean's Office at Limestone Community High School. New padlocks are \$5.00 and used padlocks are \$3.00, if available. NO OTHER TYPE OF PADLOCK WILL BE PERMITTED. School personnel will remove those padlocks that are not Master key controlled combination locks. Students should keep their lockers locked and their combinations secret. Combinations to padlocks should be kept at home. Students should register their padlock with Deans' Office so that a record of their combination is available.

STUDENT PLANNERS

Students are provided with a student planner at the beginning of each school year or upon initial registration. Students are expected to have their student planners with them at all times; hall passes are issued through the student planner. Replacement planners are available through the Deans' office for a \$5.00 charge.

TORNADO WARNINGS AND SEVERE WEATHER CONDITIONS

The Board of Education of Limestone Community High School adopted the following procedures that enable parents to take the appropriate action in case of emergency weather conditions. All students will be directed to go to designated safe places in the building when severe weather conditions exist. If parents so desire, they may request their student be released from school. Parents must sign and have on file with school officials a request for the release of their student from school. The procedure for picking up students is as follows:

1. Students will be released from school only through the Deans' Office.
2. Students released must be signed out by a parent, guardian, or person designated by the parent or guardian.

We must have on file a written request for release of the student by the parent or guardian and also the signature of the parents, guardian, or person designated by the parent before the child is released from school during severe weather conditions. Students should pick up a student release form from the Deans' Office. The form should be completed and returned to the Deans' Office. These students will then be located in one specific area for a more efficient method of release. Please do not call the school to make arrangements for release during an emergency; use the recommended procedure.

VISITOR'S PASS

All visitors must obtain a visitor's pass from the Welcome Center attendant. To visit a teacher during the school day, visitors should contact the teacher in advance so that a time during his or her prep period can be scheduled. Student visitors are not allowed without prior approval from the Principal's Office. Requests to visit a boyfriend or girlfriend will be denied.

VEHICLE PARKING

PERMITS

All student motor vehicles used as transportation to and from school must display a parking permit that may be obtained from the Deans' Office. The cost of the parking permit will be \$40.00 and is available to juniors and seniors only. Vehicles will be required to display the parking permit by the second Monday of each school year. Students may park their vehicles only in the south parking lot. Students must display a current parking permit on their rearview mirror or in a location agreeable to the School Resource Officer. There will be a five-dollar (\$5.00) fee to replace any lost permit. Should a registered vehicle not be driven to school temporarily, such as for repair, it is the student's responsibility to transfer the parking permit to the vehicle he or she is driving.

The permits will be sold only to seniors and juniors. Students must present the following to obtain a parking permit:

1. a valid driver's license
2. an active LCHS I.D. card
3. proof of insurance
4. a valid vehicle registration card

If necessary, a waiting list for parking permit requests will be maintained by the Deans' Office. Only one parking permit will be issued to a family. If a family feels that circumstances exist (other than convenience) which necessitate an additional permit, a written request may be presented to the Superintendent and his/her designee. Co-op students not qualifying for a permit under previously mentioned regulations may be issued a permit during their school time participation (work during evening hours only will not qualify for a parking permit) in the co-op program. Students may not move their cars at any time during the school day without specific permission from a Dean of Students. Students are not allowed to sit in/on their vehicles during the school day. Vehicles parked illegally may be towed from the scene. Limestone Community High School has the authority to levy fines to students for any type of vehicle violation occurring on school property. Repeated violations may result in the student being prohibited from driving or parking on school grounds for a specific time period, revocation of the student's parking permit, and being towed from the parking lot at the owner's expense. Students in the parking lot without permission will receive detentions. Students guilty of driving unsafely in the parking lot may lose their parking privileges at school, their parking permit, and may be referred to the local police.

All vehicles parked on Limestone Community High School grounds are subject to all rules and regulations of the school. By parking on school grounds, the person driving is deemed to consent to the search of the vehicle, with or without cause, by school officials or police.

THERE IS NO GUARANTEED OR RESERVED PARKING. PARKING IS ON A FIRST-COME, FIRST-SERVED BASIS. CARS WITHOUT VALID DISPLAYED PARKING PERMIT STICKERS OR ILLEGALLY PARKED CAN BE TICKETED OR TOWED AT THE DISCRETION OF SCHOOL OFFICIALS. PLEASE NOTE, THERE MAY BE ACTIVITIES AT LCHS DURING THE SCHOOL DAY WHICH MAY RESULT IN STUDENTS PARKING AT ALTERNATIVE SITES.

PARKING LOT REGULATIONS

The south parking lot (by the cafeteria) is for juniors and seniors holding a valid parking permit. Any junior, senior, or sophomore may park in the N. T. Endsley Sports Complex parking lot free of charge, but students will need a separate permit for this. These permits can be picked up in the Dean's Office. Parking permits are not to be transferred or used by another student. All cars parked on Limestone Community High School property are subject to search and seizure procedures as established by the Board of Education.
